

arm_fir_sparse_f32

arm_fir_sparse_q31

arm_circularWrite_f32

```
graph LR; A[arm_fir_sparse_f32] --> C[arm_circularWrite_f32]; B[arm_fir_sparse_q31] --> C;
```

The diagram illustrates a functional dependency. On the left, two white rectangular boxes with black borders are stacked vertically. The top box contains the text 'arm_fir_sparse_f32' and the bottom box contains 'arm_fir_sparse_q31'. On the right, there is a single gray rectangular box with a black border containing the text 'arm_circularWrite_f32'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'arm_fir_sparse_f32' and 'arm_fir_sparse_q31' are inputs or dependencies for 'arm_circularWrite_f32'.
