

Examples

FIR Lowpass Filter  
Example

```
graph RL; A[FIR Lowpass Filter Example] --> B[Examples];
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the word "Examples". The box on the right is gray with a black border and contains the text "FIR Lowpass Filter" on the top line and "Example" on the bottom line. A black arrow points from the right side of the gray box to the left side of the white box.
