

xPortSysTickHandler

```
graph LR; A[xPortSysTickHandler] --> B[xTaskIncrementTick]; B --> C[uxListRemove];
```

The diagram illustrates a three-step process flow. It begins with a gray rectangular box labeled 'xPortSysTickHandler'. A blue arrow points from this box to a white rectangular box labeled 'xTaskIncrementTick'. Another blue arrow points from the 'xTaskIncrementTick' box to a final white rectangular box labeled 'uxListRemove'. All boxes have a thin black border.
