

__get_mode

```
graph LR; A[__get_mode] --> B[__get_CPSR]
```

A diagram showing a call from the function `__get_mode` to the function `__get_CPSR`. The `__get_mode` box is white with a black border, and the `__get_CPSR` box is gray with a black border. A blue arrow points from the right side of the `__get_mode` box to the left side of the `__get_CPSR` box.

__get_CPSR
