

PWR Exported Constants

PWR Regulator state
in SLEEP/STOP mode

```
graph RL; A[PWR Regulator state in SLEEP/STOP mode] --> B[PWR Exported Constants];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow pointing from right to left. The box on the right is shaded gray and contains the text 'PWR Regulator state in SLEEP/STOP mode'. The box on the left is white with a black border and contains the text 'PWR Exported Constants'.
