

arm_dct4_init_q15

arm_mfcc_init_q15

arm_rfft_init_q15

```
graph LR; A[arm_dct4_init_q15] --> C[arm_rfft_init_q15]; B[arm_mfcc_init_q15] --> C;
```

The diagram illustrates the dependencies of the `arm_rfft_init_q15` function. It is represented by a gray rectangular box on the right. Two white rectangular boxes on the left, `arm_dct4_init_q15` and `arm_mfcc_init_q15`, have blue arrows pointing towards the `arm_rfft_init_q15` box, indicating that it depends on both of them.
