

Filtering Functions

```
graph LR; FIR[Finite Impulse Response (FIR) Filters] --> FF[Filtering Functions];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is white with a black border and contains the text 'Filtering Functions'. The box on the right is gray with a black border and contains the text 'Finite Impulse Response (FIR) Filters'. A black arrow points from the right box to the left box, indicating a relationship or mapping from FIR filters to filtering functions.
