

arm_cfft_radix2_q31

arm_cfft_radix4_q31

arm_bitreversal_q31

```
graph LR; A[arm_cfft_radix2_q31] --> C[arm_bitreversal_q31]; B[arm_cfft_radix4_q31] --> C;
```

The diagram illustrates a functional dependency. On the left, two white rectangular boxes with black borders are stacked vertically. The top box contains the text 'arm_cfft_radix2_q31' and the bottom box contains 'arm_cfft_radix4_q31'. Two blue arrows originate from the right side of these boxes. The top arrow starts from the right edge of the top box and points to the top-left corner of a gray rectangular box on the right. The bottom arrow starts from the right edge of the bottom box and points to the top-left corner of the same gray box. The gray box on the right contains the text 'arm_bitreversal_q31'.
