

EventGroup

```
graph LR; A[xEventGroupGetBitsFromISR] --> B[EventGroup];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is white with a black border and contains the text 'EventGroup'. The box on the right is gray with a black border and contains the text 'xEventGroupGetBitsFromISR'. A black arrow points from the right side of the gray box to the right side of the white box, indicating that the function returns a value of type EventGroup.
