

Support Functions

Neural Network Data  
Conversion Functions

```
graph LR; A[Neural Network Data Conversion Functions] --> B[Support Functions]
```

The diagram consists of two rectangular boxes. The box on the right is gray and contains the text 'Neural Network Data Conversion Functions'. The box on the left is white with a black border and contains the text 'Support Functions'. A black arrow points from the right box to the left box, indicating a dependency or relationship where the conversion functions rely on the support functions.
